## 1. The Two Battlefields: *When to Fight, and when to Stop.*

In Spiritual Warfare, there are 2 battlefields. There's the battle on the inside, and the battle on the outside. If you're doing Spiritual Warfare, and you don't have peace. Or if you're frazzled and exhausted, then you lost the battle on the inside. And it will be much harder to win the battle on the outside. But if you first win the battle on the inside, then it will be easier to win the battle on the outside. So again, if you're weary, exhausted, miserable, or have no peace of mind, then it's time to just stop fighting. You need to get into the presence of the Lord, get into worship, start praising God, soak in His presence, dance before Him, spend time with Jesus. He'll restore your soul, and good worship can heal any wound. Once you're restored, and have peace, then get back into the fight. But don't fight until you've won the **Battle on the Inside**.

## 2. Cloud of Blessing or Curses: *What's encircling you?*

A common type of Spiritual Warfare used against people is curses, hexes, spells, incantations, etc. When a person speaks a curse over you, in the spiritual realm, their words start to encircle you, flying around you until they have an opportunity to land. A curse may encircle you for years until it finally lands, and produces a result. Whether it's sickness, the loss of a job, divorce, tragedy, etc. And sometimes a curse may never land, as in **Pro. 26:2** "Like a fluttering sparrow or a darting swallow, an undeserved curse does not come to rest." When many curses have been spoken over you, over a long period of time, they become like a cloud of darkness that follows you and engulfs you, ruining several aspects of your life. Several prophetically gifted Christians have seen these clouds of darkness surrounding people, bringing calamity all over their lives, and these people don't even know why. But the good news is that this also works in reverse. When a blessing is spoken over you, those words also start to encircle you, flying around you until they have an opportunity to land. So for example, if I speak this blessing over you, "You will avoid car accidents. You will be blessed when you come in and blessed when you go out. (Deut 28:6) May the Lord watch over you and protect you while traveling. In Jesus Name." And I speak this blessing, not just once, but several times, then, when a car accident is about to happen, those blessings have an

opportunity to land and be fulfilled. Though the blessing is *not guaranteed* to happen, blessings build up momentum similar to the way prayer builds up momentum. And a blessing that quotes scripture, the Lord's Word, will usually have more power because they have already been brought to life and established by God. **(Ps 119:89)** And when many blessings have been spoken over you, they become like a bright cloud of glory that engulfs you, blessing several aspects of your life, even though you may not be aware of this glory cloud. So, you want to get to a point that when a tragedy is about to happen, a blanket of blessing has already been spoken over you, it's already surrounding you. You don't want to be stuck praying the moments before a tragedy happens and hoping your prayers will get an immediate supernatural answer. Though you may get an immediate answer, I wouldn't risk my family's life on that. So build up a cloud of blessing around yourself, your family, and loved ones. And remove any cloud of darkness by canceling those curses in Jesus Name... *(Practice Time....)*

### 3. The Seven Mountains: *Where do you fight? Where is the enemy entrenched?*

A Spiritual Warrior must be able to fight on the 7 Mountains. You must engage the enemy, no matter where the battle is. There are 7 mountains of influence that guide shape a society: **Religion, Education, Family, Business, Government, Arts/Entertainment, & Media.**

Christians must drive the enemy out of these areas, otherwise, the whole culture will go into darkness. When the enemy occupies the government, he is able to persecute the righteous, and defend the wicked. When the enemy occupies the business sector, he is able to fund the corrupt, and bankrupt the righteous. When the enemy occupies the Media, he is able to promote wicked ideas, and silence Godly counsel. When the enemy occupies the education system, he is able to corrupt the next generation. The reason we have the right to speak and freely worship here, is because Godly people in our past, fought and won that battle. We are called to be a light to the world no matter where we are, not just in the 4 walls of a Church. Examples...*Tebow/Passion*

7 Mountains

### 4. The HOST: *Who are they? What do they do?*

Who's stronger, Angels or demons? To find out, answer this question. What was Lucifer's job when he was in Heaven? What is the Archangel Michael's Job in Heaven? Lucifer was a worship leader, and Michael is a Military Leader, a general, a commander of the Host. So which one of them fell, which one of them was kicked out of Heaven? Lucifer fell, Michael didn't. What does that mean? It means that God kept all the Soldier Angels, the Host, the experts in war. But Lucifer took the *quire boys*. And it's not a fair fight, that Host of Heaven were created by God for fighting and warfare. They are NOT fluffy little cloud angels that appear in many pictures. God's HOST are absolutely powerful, organized and ferocious, they are experts in warfare, they know every type of military maneuver, they work in Harmony, they have every type of weapon, they are a perfect fighting army, it's not a fair fight. Let's look at — **Matthew 26:53** where Jesus said...*"Don't you know that I can pray to my Father, and He shall give Me more than twelve legions of angels?"* This means that Jesus was able to call on the Host of Heaven. And so are we. One of God's names is YHWH-Tzva'ot - The Lord of Host, the Lord of Angel Armies. One of our main spiritual weapons is to call on the Host to destroy the works of evil. So, when you see & hear things that you know are against God's ill (*corruption, injustice, witchcraft, tyranny, etc*), you send the Host to fight against that. *(Practice Time: Invite/Welcome/Receive) (Test: 2 battlefields, encircles you, 7 Mountains, Host)*
